# CAUTIONARY STATEMENT ABOUT FORWARD-LOOKING STATEMENTS

We describe many of the trends and other factors that drive our business and future results in the section titled Management's Discussion and Analysis of Financial Condition and Results of Operations and in other parts of this report (including Part II, Item 1A Risk Factors). Such discussions contain forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). Forward-looking statements are those that address activities, events, or developments that management intends, expects, projects, believes or anticipates will or may occur in the future. They are based on management's assumptions and assessments in light of past experience and trends, current economic and industry conditions, expected future developments and other relevant factors. They are not guarantees of future performance, and actual results, developments and business decisions may differ significantly from those envisaged by our forward-looking statements. We do not undertake to update or revise any of our forward-looking statements, except as required by applicable securities law. Our forward-looking statements are also subject to material risks and uncertainties that can affect our performance in both the near- and long-term. In addition, no assurance can be given that any plan, initiative, projection, goal, commitment, expectation, or prospect set forth in this Form 10-Q can or will be achieved. These forward-looking statements should be considered in light of the information included in this report and our other filings with the Securities and Exchange Commission (SEC), including, without limitation, the Risk Factors, as well as the description of trends and other factors in Management's Discussion and Analysis of Financial Condition and Results of Operations, set forth in this report and our 2022 Annual Report on Form 10-K. Any forward-looking plans described herein are not final and may be modified or abandoned at any time.

## NOTE 1. BASIS OF PRESENTATION

In the opinion of management, the accompanying unaudited Consolidated Financial Statements reflect all adjustments necessary to present fairly the financial position, results of operations, cash flows, and shareowners' equity of Honeywell International Inc. and its consolidated subsidiaries (Honeywell or the Company) for the periods presented. The interim results of operations and cash flows should not necessarily be taken as indicative of the entire year.

Honeywell reports its quarterly financial information using a calendar convention; the first, second, and third quarters are consistently reported as ending on March 31, June 30, and September 30, respectively. It is Honeywell's practice to establish actual quarterly closing dates using a predetermined fiscal calendar, which requires Honeywell's businesses to close their books on a Saturday in order to minimize the potentially disruptive effects of quarterly closing on the Company's business processes. The effects of this practice are generally not significant to reported results for any quarter and only exist within a reporting year. In the event differences in actual closing dates are material to year-over-year comparisons of quarterly or year-to-date results, Honeywell will provide appropriate disclosures. Honeywell's actual closing dates for the three months ended March 31, 2023, and 2022, were April 1, 2023, and April 2, 2022, respectively.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Company are set forth in Note 1 Summary of Significant Accounting Policies of Notes to Consolidated Financial Statements in the Company's 2022 Annual Report on Form 10-K. The Company includes herein certain updates to those policies.

## RECLASSIFICATIONS

Certain prior year amounts have been reclassified to conform to the current year presentation.

Historically, the Company included Company-sponsored costs and costs that relate to contracts with customers for research and development projects as a component of Cost of products and services sold on the Consolidated Statement of Operations. Effective January 1, 2023, the Company began classifying Company-sponsored costs for research and development projects as a separate financial statement line item, titled Research and development expenses, on the Consolidated Statement of Operations and recast prior period results for this reclassification. This reclassification had no impact on the Company's net income, earnings per share, cash flows, segment reporting, or financial position. The Company revised historical periods to reflect this change in presentation.

## SUPPLY CHAIN FINANCING

The Company maintains agreements with third-party financial institutions that offer voluntary supply chain financing (SCF) programs to suppliers. The SCF programs enable suppliers, at their sole discretion, to sell their receivables to third-party financial institutions in order to receive payment on receivables earlier than the negotiated commercial terms between suppliers and the Company. Supplier sale of receivables to third-party financial institutions is on terms negotiated between the supplier and the respective third-party financial institution. The Company agrees on commercial terms for the goods and services procured from suppliers, including prices, quantities, and payment terms, which normally range between 60 and 120 days, regardless of whether the supplier elects to participate in the SCF programs. A suppliers' voluntary participation in the SCF programs has no bearing on the Company's payment terms and the Company has no economic interest in a supplier's decision to participate in the SCF programs. The Company agrees to pay participating third-party financial institutions the stated amount of confirmed invoices from suppliers on the original maturity dates of the invoices.

Amounts outstanding related to SCF programs are included in Accounts payable in the Consolidated Balance Sheet. Accounts payable included approximately \$1,004 million and \$992 million as of March 31, 2023, and December 31, 2022, respectively. The impact of these programs is not material to the Company's overall liquidity.

## RECENT ACCOUNTING PRONOUNCEMENTS

The Company considers the applicability and impact of all Accounting Standards Updates (ASUs) issued by the Financial Accounting Standards Board (FASB). ASUs not listed below were assessed and determined to be either not applicable or are expected to have minimal impact on the Company's Consolidated Financial Statements.

In September 2022, the FASB issued ASU 2022-04, *Liabilities—Supplier Finance Programs (Topic 405): Disclosure of Supplier Finance Program Obligations*, to enhance the transparency of supplier finance programs. The new standard requires annual disclosure of the key terms of the program, a description of where in the financial statements amounts outstanding under the program are presented, a rollforward of such amounts, and interim disclosure of amounts outstanding as of the end of each period. The guidance does not affect recognition, measurement, or financial statement presentation of supplier finance programs. The ASU is effective on January 1, 2023, except for the rollforward, which is effective on January 1, 2024. The Company adopted this guidance on January 1, 2023, with the exception of the rollforward that will be effective beginning January 1, 2024. The adoption of this standard does not have a material impact on the Company's Consolidated Financial Statements.

In October 2021, the FASB issued ASU 2021-08, *Business Combinations (Topic 805): Accounting for Contract Assets and Contract Liabilities from Contracts with Customers*, which requires contract assets and contract liabilities acquired in a business combination to be recognized and measured by the acquirer on the acquisition date in accordance with ASC 606, Revenue from Contracts with Customers. This ASU should be applied prospectively to acquisitions occurring on or after the effective date of December 15, 2022, and early adoption is permitted. The Company adopted this guidance on January 1, 2022. The adoption of this standard does not have a material impact on the Company's Consolidated Financial Statements.

In March 2020, the FASB issued ASU 2020-04, *Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting*, which provides optional expedients and exceptions for applying generally accepted accounting principles to contracts, hedging relationships, and other transactions affected by the transition away from reference rates expected to be discontinued to alternative reference rates. In January 2021, the FASB issued ASU 2021-01, *Reference Rate Reform (Topic 848): Scope*, to expand the scope of this guidance to include derivatives. The guidance was effective upon issuance and may be applied prospectively to contract modifications made and hedging relationships entered into on or before December 31, 2022. In December 2022, the FASB issued ASU 2022-06, *Reference Rate Reform (Topic 848): Deferral of the Sunset Date of Topic 848*, which extends the period of time entities can utilize the reference rate reform relief guidance under ASU 2020-04 from December 31, 2022, to December 31, 2024. The Company will apply the guidance to impacted transactions during the transition period. The adoption of this standard does not have a material impact on the Company's Consolidated Financial Statements.

## NOTE 3. ACQUISITIONS AND DIVESTITURES

### ACQUISITIONS

On April 22, 2023, the Company entered into a purchase agreement to acquire Compressor Controls Corporation, a turbomachinery services and controls company based in the United States, for estimated aggregate closing consideration of \$670 million in cash. The business will be included in the Performance Materials and Technologies reportable business segment. The acquisition is subject to customary regulatory approvals and is expected to close in the second half of 2023.

On January 18, 2022, the Company acquired 100% of the issued and outstanding shares of US Digital Designs, Inc., a leading provider of technologies for first responders, for total consideration of \$186 million. The business is included within the Honeywell Building Technologies reportable business segment. The Company finalized the evaluation for the fair value of all the assets and liabilities acquired with US Digital Designs, Inc. during the first quarter of 2023. Management recorded intangible assets of \$53 million and allocated \$129 million to goodwill, which is deductible for tax purposes.

### DIVESTITURES

As of March 31, 2023, the Company had no material adjustments for divestitures completed during 2022.

In July 2022, the Company realigned certain business units within the Safety and Productivity Solutions reportable business segment. The Safety and Retail business unit, which included our gas detection and safety business, combined with the Advanced Sensing Technologies business unit to form the Sensing and Safety Technologies business unit. The Company recast historical periods to reflect this realignment.

**Aerospace** – A global supplier of products, software, and services for aircrafts that it sells to original equipment manufacturers (OEM) and other customers in a variety of end markets including: air transport, regional, business and general aviation aircraft, airlines, aircraft operators, and defense and space contractors. Aerospace products and services include auxiliary power units, propulsion engines, environmental control systems, integrated avionics, wireless connectivity services, electric power systems, engine controls, flight safety, communications, navigation hardware, data and software applications, radar and surveillance systems, aircraft lighting, management and technical services, advanced systems and instruments, satellite and space components, aircraft wheels and brakes, repair and overhaul services, and thermal systems. Aerospace also provides spare parts, repair, overhaul, and maintenance services (principally to aircraft operators) for the aftermarket. Honeywell Forge solutions are leveraged by the Company's customers as tools to turn data into predictive maintenance and predictive analytics to enable better fleet management and make flight operations more efficient.

**Honeywell Building Technologies** – A global provider of products, software, solutions, and technologies that enable building owners and occupants to ensure their facilities are safe, energy efficient, sustainable, and productive. Honeywell Building Technologies products and services include advanced software applications for building control and optimization; sensors, switches, control systems, and instruments for energy management; access control; video surveillance; fire products; and installation, maintenance, and upgrades of systems. Honeywell Forge solutions enable the Company's customers to digitally manage buildings, connecting data from different assets to enable smart maintenance, improve building performance, and even protect from incoming security threats.

**Performance Materials and Technologies** – A global provider in developing and manufacturing high-quality performance chemicals and materials, process technologies, and automation solutions. The reportable business segment is comprised of Process Solutions, UOP, and Advanced Materials. Process Solutions provides automation control, instrumentation, advanced software, and related services for the oil and gas, refining, pulp and paper, industrial power generation, chemicals and petrochemicals, biofuels, life sciences, and metals, minerals, and mining industries. Through its smart energy products, Process Solutions enables utilities and distribution companies to deploy advanced capabilities to improve operations, reliability, and environmental sustainability. UOP provides process technology, products, including catalysts and adsorbents, equipment, and consulting services that enable customers to efficiently produce gasoline, diesel, jet fuel, petrochemicals, and renewable fuels for the petroleum refining, gas processing, petrochemical, and other industries. Advanced Materials manufactures a wide variety of high-performance products, including materials used to manufacture end products such as bullet-resistant armor, nylon, computer chips, and pharmaceutical packaging, and provides reduced and low global warming potential materials based on hydrofluoro-olefin technology. In the industrial environment, Honeywell Forge solutions enable integration and connectivity to provide a holistic view of operations and turn data into clear actions to maximize productivity and efficiency. Honeywell Forge's cybersecurity capabilities help identify risks and act on cyber-related incidents, together enabling improved operations and protecting processes, people, and assets.

**Safety and Productivity Solutions** – A global provider of products and software that improve productivity, workplace safety, and asset performance to customers around the globe. Sensing and Safety Technologies products include personal protective equipment (PPE), apparel, gear, and footwear; gas detection technology; custom-engineered sensors, switches, and controls for sensing and productivity solutions; and cloud-based notification and emergency messaging. Productivity Solutions and Services products and services include mobile devices and software for computing, data collection, and thermal printing; and software-based data and asset management productivity solutions. Warehouse and Workflow Solutions products and services include system design and simulation, automation solutions, performance optimization software, and lifecycle services to enable accuracy, productivity, and predictability of warehouse operations. Honeywell Forge solutions digitally automate processes to improve efficiency while reducing downtime and safety costs.

**Corporate and All Other** – Corporate and All Other includes revenue from Honeywell's majority-owned investment in Quantinuum. Through Quantinuum, Honeywell provides a wide range of service offerings of fully integrated quantum computing hardware and software solutions.

For a summary by disaggregated product and services sales for each reportable business segment, refer to Note 17 Segment Financial Data.

The Company recognizes revenue arising from performance obligations outlined in contracts with its customers that are satisfied at a point in time and over time. The disaggregation of the Company's revenue based off timing of recognition is as follows:

## CONTRACT BALANCES

The Company records progress on satisfying performance obligations under contracts with customers and the related billings and cash collections are recorded in the Consolidated Balance Sheet in Accounts receivable—net and Other assets (unbilled receivables (contract assets) and billed receivables) and Accrued liabilities and Other liabilities (customer advances and deposits (contract liabilities)). Unbilled receivables (contract assets) arise when the timing of cash collected from customers differs from the timing of revenue recognition, such as when contract provisions require specific milestones to be met before a customer can be billed. Contract assets are recognized when the revenue associated with the contract is recognized prior to billing and derecognized when billed in accordance with the terms of the contract. Contract liabilities are recorded when customers remit contractual cash payments in advance of the Company satisfying performance obligations under contractual arrangements, including those with performance obligations to be satisfied over a period of time. Contract liabilities are derecognized when revenue is recorded, either when a milestone is met triggering the contractual right to bill or when the performance obligation is satisfied.

Contract balances are classified as assets or liabilities on a contract-by-contract basis at the end of each reporting period.

The following table summarizes the Company's contract assets and liabilities balances:

	2023	2022
Contract assets—January 1	\$ 2,294	\$ 2,060
Contract assets—March 31	2,453	2,170
<b>Change in contract assets - increase</b>	<b>\$ 159</b>	<b>\$ 110</b>
Contract liabilities—January 1	\$ (4,583)	\$ (4,290)
Contract liabilities—March 31	(4,291)	(4,323)
<b>Change in contract liabilities - decrease (increase)</b>	<b>\$ 292</b>	<b>\$ (33)</b>
<b>Net change</b>	<b>\$ 451</b>	<b>\$ 77</b>

For the three months ended March 31, 2023, and 2022, the Company recognized revenue of \$953 million and \$927 million, respectively, that was previously included in the beginning balance of contract liabilities.

Contract assets included \$2,426 million and \$2,265 million of unbilled balances under long-term contracts as of March 31, 2023, and December 31, 2022, respectively. These amounts are billed in accordance with the terms of customer contracts to which they relate.

When contracts are modified to account for changes in contract specifications and requirements, the Company considers whether the modification either creates new or changes the existing enforceable rights and obligations. Contract modifications for goods or services and not distinct from the existing contract, due to the significant integration with the original good or service provided, are accounted for as if they were part of that existing contract. The effect of a contract modification on the transaction price and the Company's measure of progress for the performance obligation to which it relates, is recognized as an adjustment to revenue (either as an increase in or a reduction of revenue) on a cumulative catch-up basis. When the modifications include additional performance obligations that are distinct and at relative stand-alone selling price, they are accounted for as a new contract and performance obligation, which are recognized prospectively.

## PERFORMANCE OBLIGATIONS

A performance obligation is a promise in a contract to transfer a distinct good or service to the customer and is defined as the unit of account. A contract's transaction price is allocated to each distinct performance obligation and recognized as revenue when, or as, the performance obligation is satisfied. When the Company's contracts with customers require highly complex integration or manufacturing services that are not separately identifiable from other promises in the contracts and, therefore, not distinct, then the entire contract is accounted for as a single performance obligation. In situations when the Company's contracts includes distinct goods or services that are substantially the same and have the same pattern of transfer to the customer over time, they are recognized as a series of distinct goods or services. For any contracts with multiple performance obligations, the Company allocates the contract's transaction price to each performance obligation based on the estimated relative stand-alone selling price of each distinct good or service in the contract. For product sales, each product sold to a customer typically represents a distinct performance obligation. In such cases, the observable stand-alone sales are used to determine the stand-alone selling price.

Performance obligations are satisfied as of a point in time or over time. Performance obligations are supported by contracts with customers, providing a framework for the nature of the distinct goods, services or bundle of goods and services. The timing of satisfying the performance obligation is typically indicated by the terms of the contract.

The following table outlines the Company's remaining performance obligations disaggregated by reportable business segment:

	<b>March 31, 2023</b>	
Aerospace	\$	12,592
Honeywell Building Technologies		6,836
Performance Materials and Technologies		8,381
Safety and Productivity Solutions		2,447
Corporate and All Other <sup>(1)</sup>		4
<b>Total performance obligations</b>	<b>\$</b>	<b>30,260</b>

(1) The remaining performance obligations within Corporate and All Other relate to the Quantinuum business.

Performance obligations recognized as of March 31, 2023, will be satisfied over the course of future periods. The Company's disclosure of the timing for satisfying the performance obligation is based on the requirements of contracts with customers. However, from time to time, these contracts may be subject to modifications, impacting the timing of satisfying the performance obligations. Performance obligations expected to be satisfied within one year and greater than one year are 61% and 39%, respectively.

The timing of satisfaction of the Company's performance obligations does not significantly vary from the typical timing of payment. Typical payment terms of the Company's fixed price over time contracts include progress payments based on specified events or milestones or based on project progress. For some contracts the Company may be entitled to receive an advance payment.

The Company applied the practical expedient for certain revenue streams to exclude the value of remaining performance obligations for (i) contracts with an original expected term of one year or less or (ii) contracts for which the Company recognizes revenue in proportion to the amount the Company has the right to invoice for services performed.

## NOTE 5. REPOSITIONING AND OTHER CHARGES

A summary of net repositioning and other charges follows:

The following table summarizes the pre-tax amount of total net repositioning and other charges by reportable business segment. These amounts are excluded from segment profit as described in Note 17 Segment Financial Data:

	Three Months Ended March 31,	
	2023	2022
Aerospace	\$ 3	\$ 21
Honeywell Building Technologies	27	14
Performance Materials and Technologies	19	159
Safety and Productivity Solutions	40	127
Corporate and All Other	52	66
<b>Total net repositioning and other charges</b>	<b>\$ 141</b>	<b>\$ 387</b>

In the three months ended March 31, 2023, the Company recognized repositioning charges totaling \$103 million, including severance costs of \$67 million related to workforce reductions of 1,797 manufacturing and administrative positions mainly in the Company's Honeywell Building Technologies, Safety and Productivity Solutions, and Performance Materials and Technologies reportable business segments. The workforce reductions were related to our productivity and ongoing functional transformation initiatives. The repositioning charges included asset impairments of \$12 million related to the write-down of certain assets within our Safety and Productivity Solutions reportable business segment. The repositioning charges also included exit costs of \$24 million related to current period costs incurred for closure obligations associated with site transitions across all of the Company's reportable business segments.

In the three months ended March 31, 2022, the Company recognized repositioning charges totaling \$147 million, primarily related to closing and relocating the production of certain respiratory manufacturing from a US.-based facility to a non-U.S. facility. The repositioning charges included asset impairments of \$123 million primarily related to the write-down of certain manufacturing equipment, and exit costs of \$17 million primarily for current period costs incurred for previously approved repositioning projects, closure obligations associated with site transitions, and lease obligations for equipment. These charges also included severance costs of \$7 million related to workforce reductions of 1,196 manufacturing and administrative positions across all of the Company's reportable business segments.

The following table summarizes the status of the Company's total repositioning reserves:

	Severance Costs	Asset Impairments	Exit Costs	Total
<b>Balance at December 31, 2022</b>	<b>\$ 235</b>	<b>\$ —</b>	<b>\$ 74</b>	<b>\$ 309</b>
Charges	67	12	24	103
Usage—cash	(54)	—	(19)	(73)
Usage—noncash	—	(12)	—	(12)
Foreign currency translation	3	—	16	19
Adjustments	(1)	—	(4)	(5)
<b>Balance at March 31, 2023</b>	<b>\$ 250</b>	<b>\$ —</b>	<b>\$ 91</b>	<b>\$ 341</b>

Certain repositioning projects will recognize exit costs in future periods when the actual liability is incurred. Such exit costs incurred in the three months ended March 31, 2023, and 2022, were \$10 million and \$11 million, respectively.

During the three months ended March 31, 2022, Selling, general and administrative expenses on the Consolidated Statement of Operations and within Other charges on the table above included \$183 million of reserves against outstanding accounts receivable, contract assets, and impairments of other assets due to the suspension of substantially all of the Company's sales, distribution and service activities in Russia and Belarus, sanctions, and deteriorating trade relations in Russia due to the Russia-Ukraine conflict. Based on available information to date, the Company's estimate of potential future impairments on the Company's businesses in Russia would not be material with respect to the Company's consolidated financial position.

Given the uncertainty inherent in the Company's remaining obligations related to contracts with Russian counterparties, the Company does not believe it is possible to develop estimates of reasonably possible loss in excess of current accruals for these matters (other than as specifically set forth above). Based on available information to date, the Company's estimate of potential future losses or other contingencies related to the wind down of our activities, including any guarantee payments or any litigation costs or as otherwise related to the Company's wind down in Russia, could adversely affect the Company's consolidated results of operations in the periods recognized but would not be material with respect to the Company's consolidated financial position. See Note 14 Commitments and Contingencies for a discussion of the recognition and measurement of estimate for contingencies.

## NOTE 6. INCOME TAXES

The effective tax rate was equal to the U.S. federal statutory rate of 21% and decreased during 2023 compared to 2022 primarily due to increased benefits from taxes on non-U.S. earnings, tax reserves, and the absence of restructuring related expenses, partially offset by tax expense from accrued withholding tax related to unremitted foreign earnings and decreased benefits from employee share-based compensation.

On February 22, 2023, the Company repaid its 1.30% Euro notes due 2023.

On March 20, 2023, the Company entered into a \$1.5 billion 364-day credit agreement (the 364-Day Credit Agreement) and a \$4.0 billion amended and restated five-year credit agreement (the 5-Year Credit Agreement). The 364-Day Credit Agreement replaced the \$1.5 billion 364-day credit agreement dated as of March 24, 2022, which was terminated in accordance with its terms effective March 20, 2023. Amounts borrowed under the 364-Day Credit Agreement are required to be repaid no later than March 18, 2024, unless (i) Honeywell elects to convert all then outstanding amounts into a term loan, upon which such amounts shall be repaid in full on March 18, 2025, or (ii) the 364-Day Credit Agreement is terminated earlier pursuant to its terms. The 5-Year Credit Agreement amended and restated the previously reported \$4.0 billion amended and restated five-year credit agreement dated as of March 24, 2022. Commitments under the 5-Year Credit Agreement can be increased pursuant to the terms of the 5-Year Credit Agreement to an aggregate amount not to exceed \$4.5 billion. The 364-Day Credit Agreement and 5-Year Credit Agreement are maintained for general corporate purposes.

As of March 31, 2023, there were no outstanding borrowings under the 364-Day Credit Agreement or the 5-Year Credit Agreement.

## NOTE 11. FAIR VALUE MEASUREMENTS

The accounting guidance for fair value measurements and disclosures establishes a three-level fair value hierarchy:

- Level 1 - Inputs are based on quoted prices in active markets for identical assets and liabilities.
- Level 2 - Inputs are based on observable inputs other than quoted prices in active markets for identical or similar assets and liabilities.
- Level 3 - One or more inputs are unobservable and significant.

Financial and nonfinancial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following table sets forth the Company's financial assets and liabilities that were accounted for at fair value on a recurring basis:

	March 31, 2023				December 31, 2022			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
<b>Assets</b>								
Foreign currency exchange contracts	\$ —	\$ 38	\$ —	\$ 38	\$ —	\$ 93	\$ —	\$ 93
Available for sale investments	64	428	—	492	87	559	—	646
Interest rate swap agreements	—	31	—	31	—	16	—	16
Cross currency swap agreements	—	44	—	44	—	90	—	90
Investments in equity securities	22	32	—	54	22	32	—	54
Right to HWI Net Sale Proceeds	—	—	39	39	—	—	295	295
<b>Total assets</b>	<b>\$ 86</b>	<b>\$ 573</b>	<b>\$ 39</b>	<b>\$ 698</b>	<b>\$ 109</b>	<b>\$ 790</b>	<b>\$ 295</b>	<b>\$ 1,194</b>
<b>Liabilities</b>								
Foreign currency exchange contracts	\$ —	\$ 8	\$ —	\$ 8	\$ —	\$ 8	\$ —	\$ 8
Interest rate swap agreements	—	251	—	251	—	303	—	303
Commodity contracts	—	—	—	—	—	1	—	1
Cross currency swap agreements	—	12	—	12	—	—	—	—
<b>Total liabilities</b>	<b>\$ —</b>	<b>\$ 271</b>	<b>\$ —</b>	<b>\$ 271</b>	<b>\$ —</b>	<b>\$ 312</b>	<b>\$ —</b>	<b>\$ 312</b>

The foreign currency exchange contracts, interest rate swap agreements, cross currency swap agreements, and commodity contracts are valued using broker quotations, or market transactions in either the listed or over-the-counter markets. As such, these derivative instruments are classified within level 2. The Company also holds investments in commercial paper, certificates of deposits, time deposits, and corporate debt securities that are designated as available for sale, as well as investments in equity securities. These investments are valued using published prices based on observable market data. As such, these investments are classified within level 2.

The Company holds certain available for sale investments in U.S. government securities and investments in equity securities. These investments are valued utilizing published prices based on quoted market pricing, which are classified within level 1.

The carrying value of cash and cash equivalents, trade accounts and notes receivables, payables, commercial paper, and other short-term borrowings approximates fair value.

As part of the NARCO Buyout (see Note 14 Commitments and Contingencies for definition), Honeywell holds a right to proceeds from the definitive sale agreement pursuant to which HarbisonWalker International Holdings, Inc. (HWI), the reorganized and renamed entity that emerged from the NARCO Bankruptcy, was acquired by an affiliate of Platinum Equity, LLC (HWI Sale). The right to these proceeds is considered a financial instrument. The significant input for the valuation of this right is unobservable, and as such, is classified within level 3.

The HWI Sale closed on February 16, 2023. In connection with the HWI Sale, Honeywell received initial cash proceeds of \$256 million (HWI Net Sale Proceeds). The fair value of the remaining HWI Net Sale Proceeds as of March 31, 2023, represents contingent consideration to be paid in future periods if certain conditions under the definitive sale agreement for the HWI Sale are met.

The following table sets forth a reconciliation of beginning and ending balances of assets and liabilities that were accounted for at fair value using level 3 measurements:

	March 31, 2023
<b>Balance at beginning of period</b>	<b>\$ 295</b>
Receipt of HWI Net Sale Proceeds	(256)
<b>Balance at end of period</b>	<b>\$ 39</b>

The following table sets forth the Company's financial assets and liabilities that were not carried at fair value:

	March 31, 2023		December 31, 2022	
	Carrying Value	Fair Value	Carrying Value	Fair Value
<b>Assets</b>				
Long-term receivables	\$ 221	\$ 177	\$ 229	\$ 183
<b>Liabilities</b>				
Long-term debt and related current maturities	\$ 15,607	\$ 14,706	\$ 16,853	\$ 15,856

The Company determined the fair value of the long-term receivables by utilizing transactions in the listed markets for identical or similar assets. As such, the fair value of these receivables is considered level 2.

## NOTE 12. EARNINGS PER SHARE

The details of the earnings per share calculations for the three months ended March 31, 2023, and 2022, are as follows (shares in millions):

	Three Months Ended March 31,	
	2023	2022
<b>Basic</b>		
Net income attributable to Honeywell	\$ 1,394	\$ 1,134
Weighted average shares outstanding	667.8	684.7
<b>Earnings per share of common stock—basic</b>	<b>\$ 2.09</b>	<b>\$ 1.66</b>
	Three Months Ended March 31,	
	2023	2022
<b>Assuming Dilution</b>		
Net income attributable to Honeywell	\$ 1,394	\$ 1,134
<b>Average shares</b>		
Weighted average shares outstanding	667.8	684.7
Dilutive securities issuable—stock plans	5.2	6.6
<b>Total weighted average diluted shares outstanding</b>	<b>673.0</b>	<b>691.3</b>
<b>Earnings per share of common stock—assuming dilution</b>	<b>\$ 2.07</b>	<b>\$ 1.64</b>

The diluted earnings per share calculations exclude the effect of stock options when the cost to exercise an option exceeds the average market price of the common shares during the period. For the three months ended March 31, 2023, and 2022, the weighted average number of stock options excluded from the computations were 4 million and 3 million, respectively.

As of March 31, 2023, and 2022, the total shares outstanding were 665.7 million and 680.7 million, respectively, and as of March 31, 2023, and 2022, total shares issued were 957.6 million.

## NOTE 14. COMMITMENTS AND CONTINGENCIES

### ENVIRONMENTAL MATTERS

Honeywell's environmental matters are described in Note 19 Commitments and Contingencies of Notes to Consolidated Financial Statements in the Company's 2022 Annual Report on Form 10-K.

The following table summarizes information concerning the Company's recorded liabilities for environmental costs:

<b>Balance at December 31, 2022</b>	<b>\$ 615</b>
Accruals for environmental matters deemed probable and reasonably estimable	82
Environmental liability payments	(24)
<b>Balance at March 31, 2023</b>	<b>\$ 673</b>

Environmental liabilities are included in the following balance sheet accounts:

	March 31, 2023	December 31, 2022
Accrued liabilities	\$ 222	\$ 222
Other liabilities	451	393
<b>Total environmental liabilities</b>	<b>\$ 673</b>	<b>\$ 615</b>

**HONEYWELL INTERNATIONAL INC.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**  
**(Dollars in tables in millions, except per share amounts)**

The Company does not currently possess sufficient information to reasonably estimate the amounts of environmental liabilities to be recorded upon future completion of studies, litigation, or settlements, and neither the timing nor the amount of the ultimate costs associated with environmental matters can be determined, although they could be material to the Company's consolidated results of operations and operating cash flows in the periods recognized or paid. However, considering the Company's past experience and existing reserves, the Company does not expect that environmental matters will have a material adverse effect on its consolidated financial position.

In conjunction with the Resideo Technologies, Inc. (Resideo) spin-off, the Company entered into an indemnification and reimbursement agreement with a Resideo subsidiary, pursuant to which Resideo's subsidiary has an ongoing obligation to make cash payments to Honeywell in amounts equal to 90% of Honeywell's annual net spending for environmental matters at certain sites as defined in the agreement. The amount payable to Honeywell in any given year is subject to a cap of \$140 million, and the obligation will continue until the earlier of December 31, 2043, or December 31 of the third consecutive year during which the annual payment obligation is less than \$25 million.

Reimbursements associated with this agreement are collected from Resideo quarterly and was \$35 million in the three months ended March 31, 2023, and offset operating cash outflows incurred by the Company. As the Company incurs costs for environmental matters deemed probable and reasonably estimable related to the sites covered by the indemnification and reimbursement agreement, a corresponding receivable from Resideo for 90% of such costs is also recorded. This receivable amount recorded in the three months ended March 31, 2023, was \$59 million. As of March 31, 2023, Other current assets and Other assets included \$140 million and \$498 million, respectively, for the short-term and long-term portion of the receivable amount due from Resideo under the indemnification and reimbursement agreement.

## ASBESTOS MATTERS

Honeywell is named in asbestos-related personal injury claims related to North American Refractories Company (NARCO), which was sold in 1986, and the Bendix Friction Materials (Bendix) business, which was sold in 2014.

The following tables summarize information concerning NARCO and Bendix asbestos-related balances:

### ASBESTOS-RELATED LIABILITIES

NARCO and Bendix asbestos-related balances are included in the following balance sheet accounts:

	March 31, 2023		December 31, 2022	
Other current assets	\$	41	\$	41
Insurance recoveries for asbestos-related liabilities		219		224
<b>Total insurance recoveries for asbestos-related liabilities</b>	<b>\$</b>	<b>260</b>	<b>\$</b>	<b>265</b>

Asbestos-related liabilities		1,154		1,180
<b>Total asbestos-related liabilities</b>	<b>\$</b>	<b>1,276</b>	<b>\$</b>	<b>2,616</b>

**NARCO Products** – NARCO manufactured high-grade, heat-resistant, refractory products for various industries. Honeywell's predecessor, Allied Corporation, owned NARCO from 1979 to 1986. Allied Corporation sold the NARCO business in 1986 and entered into a cross-indemnity agreement which included an obligation to indemnify the purchaser for asbestos claims. NARCO ceased manufacturing asbestos containing products in 1980 and filed for bankruptcy in January 2002, at which point in time all then current and future NARCO asbestos claims were stayed against both NARCO and Honeywell pending the reorganization of NARCO. The Company established its initial liability for NARCO asbestos claims in 2002.

NARCO emerged from bankruptcy in April 2013, at which time a federally authorized 524(g) trust was established to evaluate and resolve all existing NARCO asbestos claims (the Trust). Both Honeywell and NARCO are protected by a permanent channeling injunction barring all present and future individual actions in state or federal courts and requiring all asbestos-related claims based on exposure to NARCO asbestos-containing products to be made against the Trust (Channeling Injunction). The NARCO Trust Agreement and the NARCO Trust Distribution Procedures set forth the structure and operating rules of the Trust, and established Honeywell's evergreen funding obligations.

On November 18, 2022, Honeywell entered into a definitive agreement with the Trust and certain other parties, which was subsequently amended on November 20, 2022 (Amended Buyout Agreement).

Pursuant to the terms of the Amended Buyout Agreement, Honeywell agreed to make a one-time, lump sum payment in the amount of \$1.325 billion to the Trust (Buyout Amount), subject to certain deductions as described in the Amended Buyout Agreement and in exchange for the release by the Trust of Honeywell from all further and future obligations of any kind related to the Trust and/or any claimants who were exposed to asbestos-containing products manufactured, sold, or distributed by NARCO or its predecessors (the Honeywell Obligations) (the NARCO Buyout). In accordance with the Amended Buyout Agreement, the economic rights of the Trust in respect of the net proceeds from the HWI Sale (as defined in Note 11 Fair Value Measurements) inure to the benefit of Honeywell.

On December 8, 2022, the Bankruptcy Court issued an order that (A) approved the Amended Buyout Agreement, and (B) declared that the Channeling Injunction will remain in full force and effect without modification, dissolution, or termination.

On December 14, 2022, HWI (as defined in Note 11 Fair Value Measurements) entered into a definitive sale agreement for the sale of HWI to an affiliate of Platinum Equity, LLC subject to the terms set forth in the agreement.

On January 30, 2023, the Company paid the Buyout Amount to the Trust, the parties closed the transactions contemplated in the Amended Buyout Agreement, and Honeywell was released from the Honeywell Obligations. Honeywell continues to have the right to collect proceeds in connection with its NARCO asbestos-related insurance policies.

On February 16, 2023, the HWI Sale closed, and on March 17, 2023, pursuant to the terms of the Amended Buyout Agreement, Honeywell received initial proceeds from the HWI Sale in the amount of \$256 million. See Note 11 Fair Value Measurements for further information on the related proceeds and remaining amount under the Amended Buyout Agreement.

For additional information, see our Annual Report on Form 10-K, filed with the SEC on February 10, 2023, under Note 19 Commitments and Contingencies.

**Bendix Products** – Bendix manufactured automotive brake linings that contained chrysotile asbestos in an encapsulated form. Claimants consist largely of individuals who allege exposure to asbestos from brakes from either performing or being in the vicinity of individuals who performed brake replacements. The following tables present information regarding Bendix-related asbestos claims activity:

	Three Months Ended March 31,	Years Ended December 31,	
	2023	2022	2021
<b>Claims unresolved at the beginning of period</b>	5,608	6,401	6,242
Claims filed	400	2,014	2,611
Claims resolved	(302)	(2,807)	(2,452)
<b>Claims unresolved at the end of period</b>	<b>5,706</b>	<b>5,608</b>	<b>6,401</b>

	March 31,	December 31,	
	2023	2022	2021
<b>Disease Distribution of Unresolved Claims</b>			
Mesothelioma and other cancer claims	3,442	3,283	3,760
Nonmalignant claims	2,264	2,325	2,641
<b>Total claims</b>	<b>5,706</b>	<b>5,608</b>	<b>6,401</b>

Honeywell has experienced average resolution values per claim excluding legal costs as follows:

	Years Ended December 31,				
	2022	2021	2020	2019	2018
	(in whole dollars)				
Malignant claims	\$ 59,200	\$ 56,000	\$ 61,500	\$ 50,200	\$ 55,300
Nonmalignant claims	\$ 520	\$ 400	\$ 550	\$ 3,900	\$ 4,700

It is not possible to predict whether resolution values for Bendix-related asbestos claims will increase, decrease, or stabilize in the future.

The Consolidated Financial Statements reflect an estimated liability for resolution of asserted (claims filed as of the financial statement date) and unasserted Bendix-related asbestos claims, which exclude the Company's ongoing legal fees to defend such asbestos claims which will continue to be expensed as they are incurred.

The Company reflects the inclusion of all years of epidemiological disease projection through 2059 when estimating the liability for unasserted Bendix-related asbestos claims. Such liability for unasserted Bendix-related asbestos claims is based on historic and anticipated claims filing experience and dismissal rates, disease classifications, and resolution values in the tort system for the previous five years. The Company valued Bendix asserted and unasserted claims using average resolution values for the previous five years. The Company updates the resolution values used to estimate the cost of Bendix asserted and unasserted claims during the fourth quarter each year.

The Company's insurance receivable corresponding to the liability for settlement of asserted and unasserted Bendix asbestos claims reflects coverage which is provided by a large number of insurance policies written by dozens of insurance companies in both the domestic insurance market and the London excess market. Based on the Company's ongoing analysis of the probable insurance recovery, insurance receivables are recorded in the financial statements simultaneous with the recording of the estimated liability for the underlying asbestos claims. This determination is based on the Company's analysis of the underlying insurance policies, historical experience with insurers, ongoing review of the solvency of insurers, judicial determinations relevant to insurance programs, and consideration of the impacts of any settlements reached with the Company's insurers.

## PETROBRAS AND UNAOIL MATTERS

On December 19, 2022, the Company reached a comprehensive resolution to the investigations by the U.S. Department of Justice (DOJ), the Securities and Exchange Commission (SEC), and certain Brazilian authorities (Brazilian Authorities) relating to the Company's use of third parties who previously worked for the Company's UOP business in Brazil in relation to a project awarded in 2010 for Petróleo Brasileiro S.A. (Petrobras). The investigations focused on the Company's compliance with the U.S. Foreign Corrupt Practices Act and similar Brazilian laws (UOP Matters). The comprehensive resolution also resolves DOJ and SEC investigations relating to a matter involving a foreign subsidiary's prior contract with Unaoil S.A.M. in Algeria executed in 2011 (the Unaoil Matter).

**HONEYWELL INTERNATIONAL INC.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**  
**(Dollars in tables in millions, except per share amounts)**

In connection with the comprehensive resolution, (i) the Company agreed to pay a total equivalent of \$202.7 million, which payment occurred in January 2023, to the DOJ, the SEC, and the Brazilian Authorities, collectively, in penalties, disgorgement, and prejudgment interest, (ii) the Company's subsidiary, UOP, LLC (UOP), entered into a three-year Deferred Prosecution Agreement with the DOJ for charges related to the UOP Matters, (iii) UOP entered into leniency agreements with the Brazilian authorities related to the UOP Matter in Brazil, and (iv) the Company entered into an agreement with the SEC that resolves allegations relating to the UOP Matters and the Unaoil Matter. Pursuant to these agreements, the Company agreed to undertake certain compliance measures and compliance reporting obligations. These agreements entirely resolve the Petrobras and Unaoil investigations.

## OTHER MATTERS

The Company is subject to a number of other lawsuits, investigations, and disputes (some of which involve substantial amounts claimed) arising out of the conduct of the Company's business, including matters relating to commercial transactions, government contracts, product liability, prior acquisitions and divestitures, employee benefit plans, intellectual property, and environmental, health, and safety matters. The Company recognizes liabilities for any contingency that is probable of occurrence and reasonably estimable. The Company continually assesses the likelihood of adverse judgments or outcomes in such matters, as well as potential ranges of probable losses (taking into consideration any insurance recoveries), based on a careful analysis of each matter with the assistance of outside legal counsel and, if applicable, other experts.

Given the uncertainty inherent in litigation and investigations, the Company does not believe it is possible to develop estimates of reasonably possible loss (or a range of possible loss) in excess of current accruals for commitment and contingency matters, including those discussed in this Note 14. Considering the Company's past experience and existing accruals, the Company does not expect the outcome of such matters, either individually or in the aggregate, to have a material adverse effect on the Company's consolidated financial position. Because most contingencies are resolved over long periods of time, potential liabilities are subject to change due to new developments, changes in settlement strategy or the impact of evidentiary requirements, which could cause the Company to pay damage awards or settlements (or become subject to equitable remedies) that could have a material adverse effect on the Company's consolidated results of operations or operating cash flows in the periods recognized or paid.

## NOTE 17. SEGMENT FINANCIAL DATA

Honeywell globally manages its business operations through four reportable business segments. Segment information is consistent with how management reviews the businesses, makes investing and resource allocation decisions, and assesses operating performance.

Honeywell's senior management evaluates segment performance based on segment profit. Each segment's profit is measured as segment income (loss) before taxes excluding general corporate unallocated expense, interest and other financial charges, stock compensation expense, pension and other postretirement income (expense), repositioning and other charges, and other items within Other (income) expense.

See Note 3 Acquisitions and Divestitures for information related to a purchase agreement executed by the Company on April 22, 2023.

On April 24, 2023, the Board of Directors authorized the repurchase of up to \$10 billion of the Company's common stock, including approximately \$2.1 billion of remaining availability under the previously announced share repurchase program authorization. The repurchase authorization does not have an expiration date and may be amended or terminated by the Board of Directors at any time without prior notice.

# ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(Dollars in tables and graphs in millions)

The following Management's Discussion and Analysis of Financial Condition and Results of Operations is intended to help the reader understand the results of operations and financial condition of Honeywell International Inc. and its consolidated subsidiaries (Honeywell, we, us, our, or the Company) for the three months ended March 31, 2023. The financial information as of March 31, 2023, should be read in conjunction with the Consolidated Financial Statements for the year ended December 31, 2022, contained in our 2022 Annual Report on Form 10-K. See Note 3 Acquisitions and Divestitures of Notes to Consolidated Financial Statements for a discussion of acquisition and divestiture activity during the three months ended March 31, 2023.

## BUSINESS UPDATE

Historically, we included Company-sponsored costs and costs that relate to contracts with customers for research and development projects as a component of Cost of products and services sold on the Consolidated Statement of Operations. Effective January 1, 2023, we began classifying Company-sponsored costs for research and development projects as a separate financial statement line item, titled Research and development expenses, on the Consolidated Statement of Operations, and recast prior period results for this reclassification. This reclassification had no impact on net income, earnings per share, cash flows, segment reporting, or financial position. We revised historical periods to reflect this change in presentation.

In July 2022, we realigned certain business units within the Safety and Productivity Solutions reportable business segment. The Safety and Retail business unit, which included our gas detection and safety business, combined with the Advanced Sensing Technologies business unit to form the Sensing and Safety Technologies business unit. This realignment provides opportunities to capitalize on shared synergies and core technologies resulting in greater value for our customers and the markets we serve. We recast historical periods to reflect this realignment.

## MACROECONOMIC CONDITIONS

We continued to experience supply chain constraints, inflationary cost pressures, and labor shortages throughout 2022. During the first quarter of 2023, material inflation moderated, but we continued to experience supply chain constraints, including labor shortages in the Aerospace supply base, and inflationary cost pressures in manufacturing labor. We continue with the short-term and long-term mitigation strategies implemented during 2022.

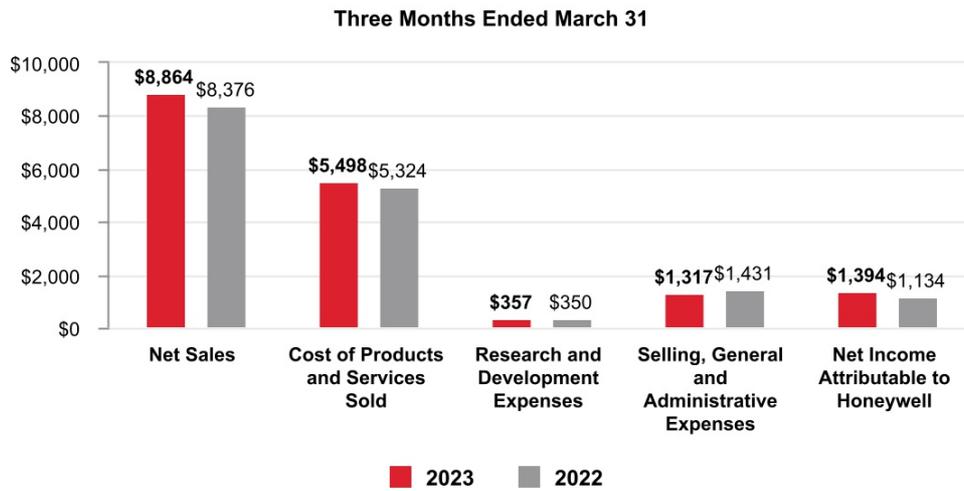

Our mitigation strategies include pricing actions, material supply tracking tools, and direct engagement with key suppliers to meet customer demand. Our relationships with primary and secondary suppliers allow us to reliably source key components and raw materials. Where we cannot procure key components or raw materials, we consider altering existing products and develop new products to satisfy customer needs. Alterations to existing products and the development of new products undergo product quality controls and engineering qualification, prior to releasing to our customers. In addition, we assist our suppliers facing manufacturing challenges by committing our own resources to their sites and facilities. We believe these mitigation strategies enable us to reduce supply risk, accelerate new product innovation, and expand our penetration in the markets we serve. Additionally, due to the strenuous quality controls and product qualification we perform on a new or altered product, we do not expect these mitigation strategies to impact product quality or reliability.

The Russia-Ukraine conflict continues to create volatility in global financial and energy markets and contribute to supply chain shortages adding to the inflationary pressures in the global economy. We actively collaborate with our suppliers to minimize impacts of supply shortages on our manufacturing capabilities and implement strategies to reduce our reliance on natural gas at critical sites in Europe.

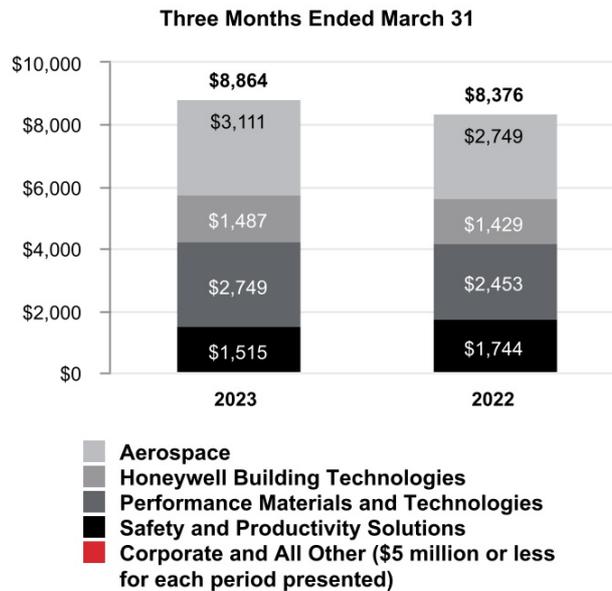

To date, our strategies successfully mitigated our exposure to these conditions. However, if we are not successful in sustaining these strategies, these macroeconomic conditions could have a material adverse effect on our consolidated results of operations or operating cash flows.

# RESULTS OF OPERATIONS

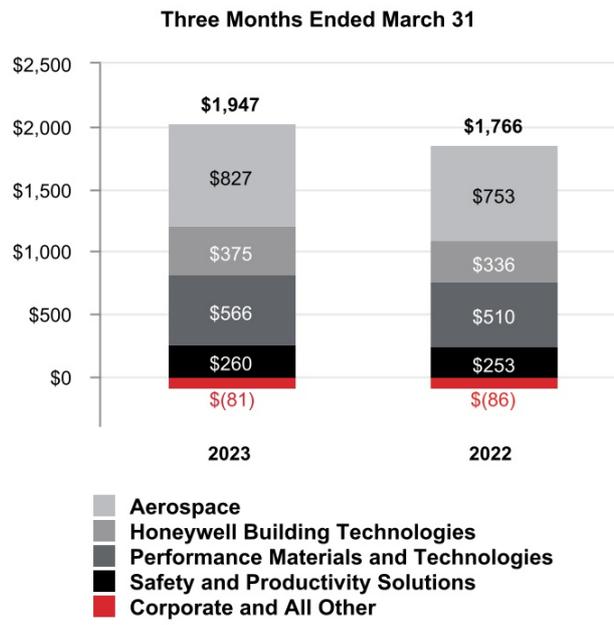

## Consolidated Financial Results

## Net Sales by Segment

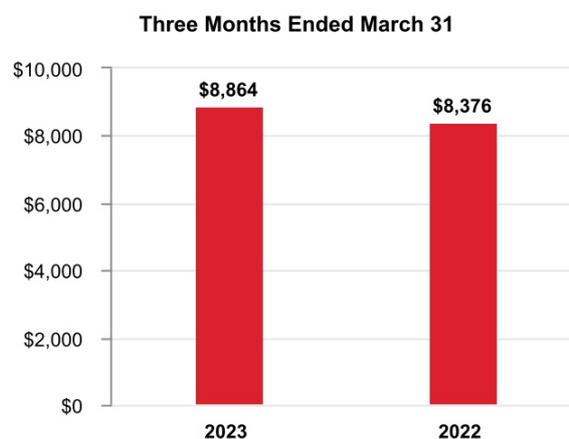

**Segment Profit by Segment**

## CONSOLIDATED OPERATING RESULTS

### Net Sales

The change in Net sales was attributable to the following:

	Q1 2023 vs. Q1 2022
Volume	2 %
Price	6 %
Foreign currency translation	(2)%
<b>Total % change in Net sales</b>	<b>6 %</b>

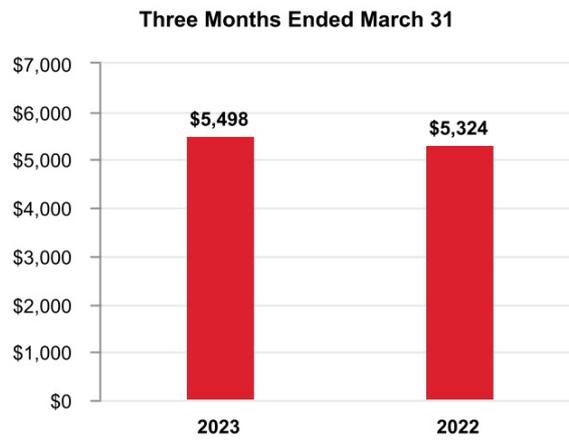

#### Q1 2023 compared with Q1 2022

A discussion of Net sales by reportable business segment can be found in the Review of Business Segments section of this Management's Discussion and Analysis.

Net sales increased due to the following:

- Increased pricing, and
- Higher sales volumes,
- Partially offset by the unfavorable impact of foreign currency translation, driven by the strengthening of the U.S. Dollar against the currencies of the majority of our international markets, primarily the Euro, Chinese Renminbi, British Pound, and Canadian Dollar.

**Cost of Products and Services Sold**

**Q1 2023 compared with Q1 2022**

Cost of products and services sold increased due to higher direct and indirect material costs and higher labor costs.

**Gross Margin**

**Q1 2023 compared with Q1 2022**

Gross margin increased by approximately \$0.3 billion and gross margin percentage increased 160 basis points to 38.0% compared to 36.4% for the same period of 2022.

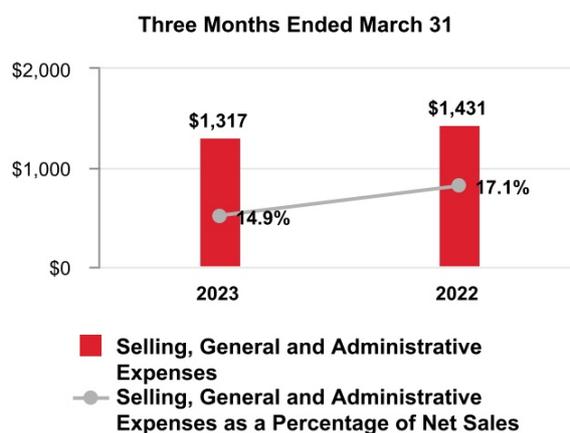

**Research and Development Expenses**

**Q1 2023 compared with Q1 2022**

Research and development expenses change was flat.

**Selling, General and Administrative Expenses**

**Q1 2023 compared with Q1 2022**

Selling, general and administrative expenses decreased primarily due to prior year charges attributable to suspending substantially all of our sales, distribution, and service activities in Russia (the Suspension) during the first quarter of 2022.

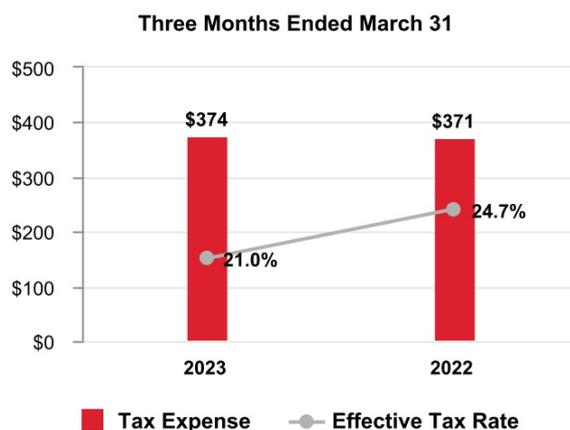

**Other (Income) Expense**

	<b>Three Months Ended March 31,</b>	
	<b>2023</b>	<b>2022</b>
Other (income) expense	\$ (260)	\$ (319)

**Q1 2023 compared with Q1 2022**

Other income decreased due to lower pension and other postretirement income.

**Tax Expense**

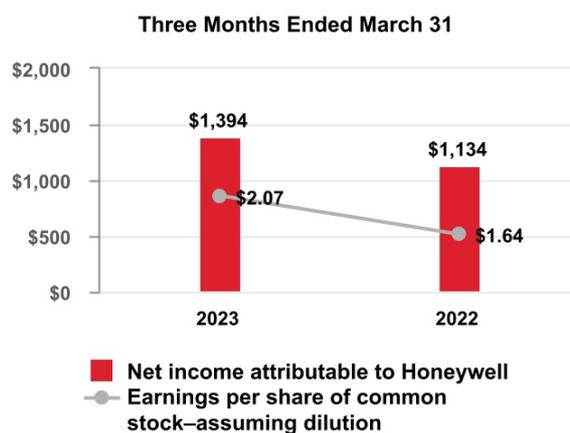

**Q1 2023 compared with Q1 2022**

The effective tax rate decreased, and was equal to the U.S. federal statutory rate of 21%, due to the following:

- Benefits from taxes on non-U.S. earnings, tax reserves, and the absence of restructuring related expenses, representing a 500 basis-point decrease,
- Partially offset by tax expense from accrued withholding tax related to unremitted foreign earnings and decreased benefits from employee share-based compensation, representing a 130 basis-point increase.

**Net Income Attributable to Honeywell**

**Q1 2023 compared to Q1 2022**

Earnings per share of common stock assuming dilution increased due to the following:

- Lower repositioning and other charges, due to prior year charges attributable to the Suspension of our businesses and operations in Russia, impacted earnings per share by \$0.34 after tax, and
- Higher segment profit from all of our reportable business segments impacted earnings per share by \$0.21 after tax,
- Partially offset by lower pension income which impacted earnings per share by \$0.15 after tax.

# REVIEW OF BUSINESS SEGMENTS

We globally manage our business operations through four reportable business segments: Aerospace, Honeywell Building Technologies, Performance Materials and Technologies, and Safety and Productivity Solutions.

## AEROSPACE

### Net Sales

<b>Total % change</b>	<b>13 %</b>	<b>10 %</b>

(1) Organic sales % change, presented for all of our reportable business segments, is defined as the change in Net sales, excluding the impact on sales from foreign currency translation and acquisitions, net of divestitures, for the first 12 months following the transaction date. We believe this non-GAAP measure is useful to investors and management in understanding the ongoing operations and analysis of ongoing operating trends.

### Q1 2023 compared to Q1 2022

Sales increased \$362 million due to higher organic sales of \$262 million in Commercial Aviation Aftermarket primarily driven by higher volumes in air transport due to an increase in flight hours, higher organic sales of \$67 million in Commercial Aviation Original Equipment primarily driven by higher volumes in business aviation due to increased shipments, and higher organic sales of \$50 million in Defense and Space primarily driven by increased pricing.

Segment profit increased \$74 million and segment margin percentage decreased 80 basis points to 26.6% compared to 27.4% for the same period of 2022.

### **Q1 2023 compared to Q1 2022**

Sales decreased \$229 million due to lower organic sales of \$127 million in Warehouse and Workflow Solutions primarily driven by lower demand for projects, lower organic sales of \$44 million in Productivity Solutions and Services primarily driven by lower demand, and lower organic sales of \$29 million in Sensing and Safety Technologies primarily driven by lower demand for personal protective equipment, and the unfavorable impact of foreign currency translation of \$29 million.

Segment profit increased \$7 million and segment margin percentage increased 270 basis points to 17.2% compared to 14.5% for the same period in 2022.

## **CORPORATE AND ALL OTHER**

Corporate and All Other primarily includes unallocated corporate costs, interest expense on holding-company debt, and the controlling majority-owned interest in Quantinuum. Corporate and All Other is not a separate reportable business segment as segment reporting criteria is not met. The Company continues to monitor the activities in Corporate and All Other to determine the need for further reportable business segment disaggregation.

## **REPOSITIONING CHARGES**

See Note 5 Repositioning and Other Charges of Notes to Consolidated Financial Statements for a discussion of our repositioning actions and related charges incurred in the three months ended March 31, 2023, and 2022. Cash spending related to our repositioning actions was \$73 million in the three months ended March 31, 2023, and was funded through operating cash flows.

# LIQUIDITY AND CAPITAL RESOURCES

(Dollars in tables in millions)

We manage our businesses to maximize operating cash flows as the primary source of liquidity. Each of our businesses is focused on increasing operating cash flows through revenue growth, margin expansion, and improved working capital turnover. Additional sources of liquidity include committed credit lines, short-term debt from the commercial paper market, long-term borrowings, access to the public debt and equity markets, U.S. cash balances, and the ability to access non-U.S. cash balances.

## CASH

We monitor the third-party depository institutions that hold our cash and cash equivalents on a daily basis. Our emphasis is primarily safety of principal and secondarily maximizing yield of those funds. We diversify our cash and cash equivalents among counterparties to minimize exposure to any one counterparty. As of March 31, 2023, and December 31, 2022, we held \$7.2 billion and \$10.1 billion, respectively, of cash and cash equivalents, including our short-term investments.

As of March 31, 2023, \$5.4 billion of the Company's cash, cash equivalents, and short-term investments were held by non-US subsidiaries. We do not have material amounts related to any jurisdiction subject to currency control restrictions that impact our ability to access and repatriate such amounts. Under current laws, we do not expect taxes on repatriation or restrictions on amounts held outside of the U.S. to have a material effect on our overall liquidity.

## BORROWINGS

We leverage a variety of debt instruments to manage our overall borrowing costs. As of March 31, 2023, and December 31, 2022, our total borrowings were \$19.2 billion and \$19.6 billion, respectively.

	March 31, 2023	December 31, 2022
Commercial paper and other short-term borrowings	\$ 3,555	\$ 2,717
Variable rate notes	22	22
Fixed rate notes	15,802	17,086
Other	232	265
Fair value of hedging instruments	(220)	(287)
Debt issuance costs	(229)	(233)
<b>Total borrowings</b>	<b>\$ 19,162</b>	<b>\$ 19,570</b>

A primary source of liquidity is our ability to access the corporate bond markets. Through these markets, we issue a variety of long-term fixed rate notes, in a variety of currencies, to manage our overall funding costs.

Another primary source of liquidity is our ability to access the commercial paper market. Commercial paper notes are sold at a discount or premium and have a maturity of not more than 365 days from date of issuance. Borrowings under the commercial paper program are available for general corporate purposes as well as for financing acquisitions.

We also have the following revolving credit agreements:

- A \$1.5 billion 364-day credit agreement (the 364-Day Credit Agreement) with a syndicate of banks, dated as of March 20, 2023. Amounts borrowed under the 364-Day Credit Agreement are required to be repaid no later than March 18, 2024, unless (i) we elect to convert all then outstanding amounts into a term loan, upon which such amounts shall be repaid in full on March 18, 2025, or (ii) the 364-Day Credit Agreement is terminated earlier pursuant to its terms. The 364-Day Credit Agreement replaced the previously reported \$1.5 billion 364-day credit agreement dated as of March 24, 2022, which was terminated in accordance with its terms effective March 20, 2023. As of March 31, 2023, there were no outstanding borrowings under our 364-Day Credit Agreement.
- A \$4.0 billion five-year credit agreement (the 5-Year Credit Agreement) with a syndicate of banks, dated as of March 20, 2023. Commitments under the 5-Year Credit Agreement can be increased pursuant to the terms of the 5-Year Credit Agreement to an aggregate amount not to exceed \$4.5 billion. The 5-Year Credit Agreement amended and restated the previously reported \$4.0 billion amended and restated five-year credit agreement dated as of March 24, 2022. As of March 31, 2023, there were no outstanding borrowings under our 5-Year Credit Agreement.

We also have a current shelf registration statement filed with the Securities and Exchange Commission (SEC) under which we may issue additional debt securities, common stock, and preferred stock that may be offered in one or more offerings on terms to be determined at the time of the offering. We anticipate that net proceeds of any offering would be used for general corporate purposes, including repayment of existing indebtedness, share repurchases, capital expenditures, and acquisitions.

## CREDIT RATINGS

Our ability to access the global debt capital markets and the related cost of these borrowings is affected by the strength of our credit rating and market conditions. Our credit ratings are periodically reviewed by the major independent debt-rating agencies. As of March 31, 2023, S&P Global Inc. (S&P), Fitch Ratings Inc. (Fitch), and Moody's Investor Service (Moody's) have ratings on our debt set forth in the table below:

	S&P	Fitch	Moody's
Outlook	Stable	Stable	Stable
Short-term	A-1	F1	P1
Long-term	A	A	A2

## CASH FLOW SUMMARY

Our cash flows from operating, investing, and financing activities, as reflected in the Consolidated Statement of Cash Flows, are summarized as follows:

	Three Months Ended March 31,		
	2023	2022	Variance
<b>Cash and cash equivalents at beginning of period</b>	<b>\$ 9,627</b>	<b>\$ 10,959</b>	<b>\$ (1,332)</b>
<b>Operating activities</b>			
Net income attributable to Honeywell	1,394	1,134	260
Noncash adjustments	572	537	35
Changes in working capital	(546)	(815)	269
Other operating activities	(2,204)	(820)	(1,384)
<b>Net cash provided by (used for) operating activities</b>	<b>(784)</b>	<b>36</b>	<b>(820)</b>
Net cash used for investing activities	(29)	(10)	(19)
Net cash used for financing activities	(1,973)	(1,719)	(254)
Effect of exchange rate changes on cash and cash equivalents	28	15	13
<b>Net decrease in cash and cash equivalents</b>	<b>\$ (2,758)</b>	<b>(1,678)</b>	<b>(1,080)</b>
<b>Cash and cash equivalents at end of period</b>	<b>\$ 6,869</b>	<b>\$ 9,281</b>	<b>\$ (2,412)</b>

Cash related to operating activities decreased by \$820 million primarily driven by a decrease in cash from other operating activities, due to the payment pursuant to the North American Refractories Company (NARCO) Amended Buyout Agreement and payment for the settlement of UOP Matters, partially offset by HWI Net Sale Proceeds. The decrease in cash from other operating activities was further offset by the favorable impact of working capital, driven by a \$313 million increase in Accounts Payable, primarily due to increased material receipts and lower disbursements. See Note 14 Commitments and Contingencies of Notes to the Consolidated Financial Statements for additional information on the NARCO Amended Buyout Agreement, HWI Net Sale Proceeds, and UOP Matters.

Cash related to investing activities decreased by \$19 million primarily due to a \$176 million decrease in cash paid for acquisitions and \$79 million net decrease in investments, partially offset by \$197 million cash receipts from Garrett Motion Inc. (Garrett) in 2022 and \$68 million decrease in cash receipts from settlements of derivative contracts.

Cash related to financing activities decreased by \$254 million primarily due to a \$1,323 million increase in payments of long-term debt, partially offset by an \$811 million increase in net proceeds from the issuance of commercial paper and other short-term borrowings and \$319 million decrease in repurchases of common stock.

## CASH REQUIREMENTS AND ASSESSMENT OF CURRENT LIQUIDITY

In addition to our normal operating cash requirements, our principal future cash requirements will be to fund capital expenditures, share repurchases, dividends, strategic acquisitions and debt repayments. On April 24, 2023, the Board of Directors authorized the repurchase of up to \$10 billion of Honeywell common stock, including approximately \$2.1 billion of remaining availability under the previously announced \$10 billion share repurchase authorization. During the three months ended March 31, 2023, we repurchased common stock of \$699 million. Refer to the section titled Liquidity and Capital Resources of our 2022 Form 10-K for a discussion of our expected capital expenditures, share repurchases, and dividends for 2023.

We continue to identify opportunities to improve our liquidity and working capital efficiency, which includes the extension of payment terms with our suppliers and sales of our trade receivables to unaffiliated financial institutions without recourse. The impact of these programs is not material to our overall liquidity.

We continue to assess the relative strength of each business in our portfolio as to strategic fit, market position, profit, and cash flow contribution in order to identify target investment and acquisition opportunities in order to upgrade our combined portfolio. We identify acquisition candidates that will further our strategic plan and strengthen our existing core businesses. We also identify businesses that do not fit into our long-term strategic plan based on their market position, relative profitability, or growth potential. These businesses are considered for potential divestiture, restructuring, or other repositioning actions, subject to regulatory constraints.

In early 2023, we made payments of approximately \$1.5 billion in connection with the NARCO Buyout and UOP Matters. During 2023, and pursuant to the NARCO Amended Buyout Agreement, we are entitled to receive approximately \$295 million related to the HWI Sale. On March 17, 2023, we received initial proceeds from the HWI Sale in the amount of \$256 million. These payments and receipts have not materially impacted our liquidity position.

Based on past performance and current expectations, we believe that our operating cash flows will be sufficient to meet our future operating cash needs. Our available cash, committed credit lines, and access to the public debt and equity markets provide additional sources of short-term and long-term liquidity to fund current operations, debt maturities, and future investment opportunities.

See Note 8 Long-term Debt and Credit Agreements of Notes to Consolidated Financial Statements for additional discussion of items impacting our liquidity.

## OTHER MATTERS

### LITIGATION

We are subject to a number of lawsuits, investigations, and claims (some of which involve substantial amounts) arising out of the conduct of our business. See Note 14 Commitments and Contingencies of Notes to Consolidated Financial Statements for further discussion of environmental, asbestos, and other litigation matters.

### CRITICAL ACCOUNTING ESTIMATES

There have been no material changes to our Critical Accounting Estimates presented in our 2022 Annual Report on Form 10-K. For a discussion of the Company's Critical Accounting Estimates, see the section titled Critical Accounting Estimates in our 2022 Annual Report on Form 10-K.

### RECENT ACCOUNTING PRONOUNCEMENTS

See Note 2 Summary of Significant Accounting Policies of Notes to Consolidated Financial Statements for a discussion of recent accounting pronouncements.

## **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS**

For a discussion of the Company's quantitative and qualitative disclosures about market risks, see the section titled Quantitative and Qualitative Disclosures About Market Risks in our 2022 Annual Report on Form 10-K. As of March 31, 2023, there has been no material change in this information.

## **ITEM 4. CONTROLS AND PROCEDURES**

Honeywell management, including the Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (Exchange Act)) as of the end of the period covered by this Quarterly Report on Form 10-Q. Based upon that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that such disclosure controls and procedures were effective as of the end of the period covered by this Quarterly Report on Form 10-Q to ensure information required to be disclosed in the reports that Honeywell files or submits under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that it is accumulated and communicated to our management, including our Chief Executive Officer, our Chief Financial Officer, and our Controller, as appropriate, to allow timely decisions regarding required disclosure. There were no changes that materially affected, or are reasonably likely to materially affect, Honeywell's internal control over financial reporting that occurred during the period covered by this Quarterly Report on Form 10-Q.

## PART II. OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS

We are subject to a number of lawsuits, investigations, and claims (some of which involve substantial amounts) arising out of the conduct of our business. See a discussion of environmental, asbestos, and other litigation matters in **Note 14 Commitments and Contingencies of Notes to Consolidated Financial Statements**.

There were no matters requiring disclosure pursuant to the requirement to disclose certain environmental matters involving potential monetary sanctions in excess of \$300,000.

### ITEM 1A. RISK FACTORS

There have been no material changes to our Risk Factors presented in our 2022 Annual Report on Form 10-K under the section titled Risk Factors. For further discussion of our Risk Factors, refer to the section titled Risk Factors in our 2022 Annual Report on Form 10-K.

### ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On April 24, 2023, the Board of Directors authorized the repurchase of up to \$10 billion of Honeywell common stock, including approximately \$2.1 billion of remaining availability under the previously announced \$10 billion share repurchase authorization. The repurchase authorization does not have an expiration date and may be amended or terminated by the Board of Directors at any time without prior notice.

Repurchases may be made through a variety of methods, which could include open market purchases, accelerated share repurchase transactions, negotiated block transactions, 10b5-1 plans, other transactions that may be structured through investment banking institutions or privately negotiated, or a combination of the foregoing. Honeywell presently expects to repurchase outstanding shares from time to time (i) to offset the dilutive impact of employee stock-based compensation plans, including option exercises, restricted unit vesting, and matching contributions under our savings plans, and (ii) to reduce share count via share repurchases as and when attractive opportunities arise. The amount and timing of future repurchases may vary depending on market conditions and the level of operating, financing, and other investing activities.

During the quarter ended March 31, 2023, Honeywell purchased 3,532,183 shares of its common stock, par value \$1 per share. As of March 31, 2023, \$2.2 billion remained available for additional share repurchases. The following table summarizes our purchases of Honeywell's common stock for the quarter ended March 31, 2023:

Issuer Purchases of Equity Securities

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet be Purchased Under Plans or Programs (Dollars in millions)
January 1-31, 2023	602,153	\$ 209.23	602,153	\$ 2,780
February 1-28, 2023	601,075	\$ 202.94	601,075	\$ 2,658
March 1-31, 2023	2,328,955	\$ 193.84	2,328,955	\$ 2,206

## ITEM 4. MINE SAFETY DISCLOSURES

One of our wholly-owned subsidiaries has a placer claim for and operates a chabazite ore surface mine in Arizona. Information concerning mine safety and other regulatory matters associated with this mine is required by Section 1503(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 104 of Regulation S-K and is included in Exhibit 95 to this quarterly report.

**CERTIFICATION PURSUANT TO  
SECTION 302  
OF THE SARBANES-OXLEY ACT OF 2002**

I, Darius Adamczyk, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Honeywell International Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting;
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**Mine Safety Disclosures**

The following disclosures are provided pursuant to Section 1503(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 104 of Regulation S-K, which require certain disclosures by companies required to file periodic reports under the Securities Exchange Act of 1934, as amended, that operate mines regulated under the Federal Mine Safety and Health Act of 1977 (the "Mine Safety Act"). One of the subsidiaries of Honeywell International Inc. (the "Company") has placer claims for and operates a surface mine for chabazite ore in Arizona.

During the quarter ended March 31, 2023, the Company did not receive any of the following: (a) a citation from the U.S. Mine Safety and Health Administration ("MSHA") for a violation of mandatory health or safety standards that could significantly and substantially contribute to the cause and effect of a coal or other mine safety or health hazard under section 104 of the Mine Safety Act; (b) an order issued under section 104(b) of the Mine Safety Act; (c) a citation or order for unwarrantable failure of the mine operator to comply with mandatory health or safety standards under section 104(d) of the Mine Safety Act; (d) a flagrant violation under section 110(b)(2) of the Mine Safety Act; (e) an imminent danger order under section 107(a) of the Mine Safety Act; or (f) a proposed assessment from the MSHA.

In addition, during the quarter ended March 31, 2023, the Company had no mining-related fatalities, had no pending legal actions before the Federal Mine Safety and Health Review Commission involving a coal or other mine, and did not receive any written notice from the MSHA involving a pattern of violations, or the potential to have such a pattern, of mandatory health or safety standards that are of such nature as could have significantly and substantially contributed to the cause and effect of coal or other mine health or safety hazards under section 104(e) of the Mine Safety Act.
